SKILLS SUMMARY

- **Languages:** Python, C, C++, Data Structures and Algorithms, Java
- **Frameworks:** NumPy, Pandas, Matplotlib, Scikit-learn
- **Tools\Platforms:** GIT, Linux, Windows, GitHub, MySql
- **Backend:** Python, Node.js.
- **Soft Skills:** Leadership, Event Management, Adaptability

PROJECTS

AI-Interview Coach | [GITHUB](#) Jun 2026–Jul 2026

- Created an AI-powered Interview Coach that delivers personalized interview practice, intelligent questioning, and real-time feedback to help candidates prepare effectively.
- Integrated AI-driven interview simulations, technical and behavioral question generation, answer evaluation, and performance analysis to assess candidate readiness.
- Enabled a user-friendly interview experience that identifies individual strengths and improvement areas while providing actionable feedback for better interview performance.

AI-Study Assistant | [GITHUB](#) Mar 2026–May 2026

- Designed and developed an AI-powered Study Assistant that provides personalized learning support, instant doubt resolution, and automated study resource generation.
- Implemented features such as AI-driven question answering, quiz generation, progress tracking, and subject-wise study assistance to improve learning efficiency.
- Built a scalable and user-friendly platform that enhanced student engagement, reduced manual effort in content preparation, and delivered real-time academic support.

TRAINING

Java Maestro: Hands-On Training on Developing GUI Applications | [LPU](#) Jun 2025 – Jul 2025

- Pursued advanced knowledge in Java programming, GUI architecture, OOP concepts, and event-driven development to establish strong application-building fundamentals.
- Constructed interactive desktop interfaces using Java Swing by applying layout controls, input mechanisms, timers, counters, and logic modules for dynamic user interaction.
- Improved analytical and programming capabilities by refining puzzle logic, restructuring application flow, and elevating overall stability, usability, and performance.

CERTIFICATES

- | | |
|---|----------|
| • MongoDB Basics For Students MongoDB | Aug 2026 |
| • Building Rag Apps Using MongoDB MongoDB | Aug 2026 |
| • Oracle Cloud Infrastructure 2025 Certified AI Foundation Associate Oracle | May 2026 |
| • ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM Infosys | Aug 2025 |
| • Master Generative AI & Generative AI Tools (ChatGPT & more) Infosys | Aug 2025 |
| • Java Maestro: Hands On Training LPU | Jul 2025 |

ACHIEVEMENT

- | | |
|---|----------|
| • Earned 50-Day Coding Badge on LeetCode through consistent problem solving | Aug 2026 |
| • Earned the LeetCode Daily Coding Challenge (DCC) July 2026 Badge | Jul 2026 |
| • Achieved AI Foundations Associate badge on Oracle | May 2026 |

EDUCATION

Lovely Professional University <i>Bachelor of Technology - Computer Science and Engineering CGPA: 7.04</i>	Punjab, India <i>Aug 2023– Present</i>
Narayana Junior College <i>Intermediate – Co Campus Percentage: 90%</i>	Rajahmundry, Andhra Pradesh <i>Jul 2021 – Mar 2023</i>
