## SKILLS SUMMARY

- **Languages:** Python, C, C++, Data Structures and Algorithms, Java
- **Frameworks:** Hyper Text Markup Language, Cascading Style Sheets
- **Tools\Platforms:** GIT, Linux, Windows
- **Backend:** Python, Node.js.
- **Soft Skills:** Leadership, Event Management, Adaptability

## PROJECTS

### Sliding Puzzle Game | [GITHUB](#)

Jun 2025–Jul 2025

- Initiated the development of a 15-tile sliding puzzle in Java Swing to provide an engaging logic-based game.
- Structured the interface with responsive GUI elements, incorporated a timer and move tracker, and applied rule-based puzzle mechanics for smooth.
- Delivered an interactive system that strengthened user's pattern recognition, strategic planning, and memory-building.

### Energy Efficient CPU Scheduling Algorithm | [GITHUB](#)

Mar 2025–Apr 2025

- Formulated an energy-conscious CPU scheduling objective aimed at minimizing power consumption while maintaining consistent task performance.
- Engineered a comparative model that assessed FCFS, Round Robin, and SJF techniques against the proposed approach using efficiency, response time, and power-usage metrics.
- Achieved a scheduling framework that improved resource utilization, enhanced system stability, and supported practical deployment in low-power computing environments.

## TRAINING

### Java Maestro: Hands-On Training on Developing GUI Applications | [LPU](#)

Jun 2025 – Jul 2025

- Pursued advanced knowledge in Java programming, GUI architecture, OOP concepts, and event-driven development to establish strong application-building fundamentals.
- Constructed interactive desktop interfaces using Java Swing by applying layout controls, input mechanisms, timers, counters, and logic modules for dynamic user interaction.
- Improved analytical and programming capabilities by refining puzzle logic, restructuring application flow, and elevating overall stability, usability, and performance.

## CERTIFICATES

- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM | Infosys Aug 2025
- Master Generative AI & Generative AI Tools(ChatGPT & more) | Infosys Aug 2025
- Build Generative AI Apps and Solutions with No- Code Tools | Infosys Aug 2025
- Computational Theory: Language Principle & Finite Automata Theory | Infosys Aug 2025
- Java Maestro: Hands On Training | LPU Jul 2025

## ACHIEVEMENT

- Solved 100+ Python problems across platforms like Code Chef and GeeksforGeeks, strengthening problem-solving and algorithmic thinking skills | LPU Jun 2025

## EDUCATION

- **Lovely Professional University** Punjab, India  
*Bachelor of Technology - Computer Science and Engineering| CGPA:6.81* Since Aug 2023
- **Narayana Junior College** Rajahmundry, Andhra Pradesh  
*Intermediate – Co Campus | Percentage: 90%* Jul 2021 – Mar 2023
